Subject: Change to Drought Level Response III

From: Bob Downey, Chairman Haralson County Water Authority

RE: (a) PhoneCon GAEPD of Oct 18, 2016

GA EPD has approved the Authority's request for a Drought Level III Response but will not approve the Drought Level III Plus Variance at this time. This means the Authority will exempt the following commercial outdoor water use:

- a. Pressure Washing
- b. Permanent car washing that is connected to a sanitary sewer system of a local government or recycles used wash water
- c. Construction Sites
- d. Watering-in of pesticides and herbicides on turf; and
- e. Other activities essential to daily business

Your immediate attention to this matter is greatly appreciated. I encourage you to continue to conserve water and assist the Authority to meet your needs.

Sincerely,

Robert Downey, Chairman  
Haralson County Water Authority
